

Hangers for Heavy Duty Cables

UNITEST

GENERAL

Brand Cimbria
Model Unitest - Hangers for heavy duty cables F213801

The Unitest system can be used in all types of grain storage facilities and can be installed in both new and existing installations. The temperature is constantly monitored by means of a number of sensors which are fitted in carrying cables specially designed for installation in harsh environments.

The hanger is used in installations where the rectangular suspension box will not fit. The measuring cable is extended and protected by flexible conduit connected to a junction box in a convenient place on top of silo

Dimensions

Plate	128 x 60 mm
Strap	340 mm high
Weight	approx. 2 kg
